

PANGRAM PANGRAM FOUNDRY

Commercial Use – End User License Agreement

9394-6010 Quebec inc. (Pangram Pangram) (hereinafter, the “Licensor”) offers access to the right to use sets of characters of one particular typeface and size (referred to as a “Font” or the “Fonts”).

Your access and usage of the Fonts is subject to the conditions contained herein, all of which constitute a legal agreement between you (the “Licensee”) and the Licensor (hereinafter the “License”). By installing, accessing and/or using the Fonts, the Licensee acknowledges to have read, understood and agrees to be bound by this License.

If you need additional information regarding the conditions herein, or if your situation requires additional wording to be included, you are invited to discuss the issue with the Licensor. The Licensor is an independent design studio that thrives by keeping customers satisfied and is open to new ways of providing a better service. The Licensor believes that Fonts with unreasonable restrictions do not ultimately contribute to anyone’s satisfaction and tries its best to keep licensing adaptable to as many workflows as possible.

1 INTELLECTUAL PROPERTY

The Licensee acknowledges that the Fonts, trademarks, copyrights, including the copyright of the typeface, and any other intellectual property rights related thereto, are the exclusive property of the Licensor, and are protected by copyright and other intellectual property laws. The Licensor remains the sole owner of the title, copyright, and other intellectual property rights in the Fonts and the Licensee does not acquire any ownership rights in the Fonts.

This License also allows the use of the Fonts to make non-digital 3-dimensional shapes, rubber stamps or scrapbooking alphabets that the Licensee, or its clients, can sell.
- 2.4 **Web License** - To use a Font on a website, the Licensee needs to purchase a Web License for each individual domain or subdomain on which the Font is embedded, limited to a certain number of page views per month, as specified during the checkout process.
